To Chief of Police:
How is it you allow our beloved
Martyred/assinated in Texas President
John F. Kennedy's assassin's wife to
live in your State. Why is she not
sent back to Russia? she wasted no
time notifying official about her new
situation. She didn't say "He my husband
and he did some questionable things for
American government" about Oswald.
Love of the noble Kennedy family.

I think you or the ones
that rule these things
should let Ruby go free.
This is the way I see
things. Oswald was
a sniper & killed a
good noble President.
Ruby comes out in front
of the world on J. W. &
shot a bad man a
sniper, something no
body else would do.
Let him go free. Not tell-
ing how many more
lives Ruby has saved
by his bravery.
Cause & effect rules
everything.

Dear Sir:

I regret that I am not able to comment on the questions posed in your letter of June 8.

All of the information available to me pertaining to the President's assassination has been turned over to the Warren Commission. When the Commission releases the report of its investigation I feel sure that many of the rumors that have been circulated since the assassination will be disproved.

Very truly yours,

J. E. Curry

Dear Sir:-

I like to have reports verified. It is reported in "The Corsican" that the justice department (Bobby Kennedy?) wrote to you requesting police not to arrest either Oswald or Rubenstein after the Walker assassination attempt.

It is also reported (photostatic copies of a doctor's report on examination) that the bullet that killed Kennedy entered the front of the head and blew his brains out the back.

Are you free to verify these reports?

Yours for God & Country
